CALL TO ARTISTS:

*Contemporary Glass Society @ The International Festival Of Glass & British Glass Biennale 2019:
C.G.S. at International Festival Of Glass 2019 - 'Celestial Bodies', Sponsored by Mark Holford.
C.G.S. commemorates 50 years since the moon landing and invites its members to take part in a fun exhibition to celebrate 'Celestial Bodies'. "Use your creative minds to journey to a galaxy far, far away." The theme for the International Festival Of Glass is Place Making so C.G.S. has decided that our place will be out of this world!

The brief to our Members is to make a piece of glass no more than 12 x 12cm and less than 2cm deep. As it is about outer space, your work needs to be able to be suspended. These pieces will be displayed in our usual cases in the Ruskin Glass Centre.

To make it fun and challenging, all pieces of work will be sold for either £50 or £100.

Be part of a fantastic fun fundraising show. Our exhibition always gets lots of coverage and we sell many pieces, your work might be bought and added to one of Britain's leading collections.

There will also be Prizes, 'Best In Show', sponsored by Alan J. Poole, two Runner-Up's and the 'People's Prize' (voted on by the general public).

Join in and have fun creating your vision of the final frontier! Forms will be circulated in January for you to sign up, but we want to give you plenty of notice to plan your piece. This is a unselected show, if you sign up you are in. Email: admin@cgs.org.uk

*Call To Entry Deadline - REVISED DATE 30/01/19: C.G.S. 'Inspired' Exhibition @ The Gallery @ London Glassblowing:

This is a fantastic opportunity to apply to have your work in the UK's leading glass gallery.

We are looking for truly *Inspired* work.

When Louvre curator George Salles once described the studio-home of Henri Matisse as a 'fantastic laboratory of visual alchemy', it was an affectionate referral to the artist's affinity for bric-a-brac. Matisse drew inspiration and joy from everyday 'collectables', ranging from crockery and pottery, to a cage of live doves. As you may know, Matisse is not alone. From Dali and Duchamp, to the likes of Damien Hirst, many artists have created representations of the simple, everyday object. London Glassblowing has embraced this concept as a theme for a new exhibition of work by Members of the Contemporary Glass Society.

In May/June 2019 London Glassblowing will be hosting '*Inspired*', a juried exhibition of work by Members of the Contemporary Glass Society. Participants will create a work of art in glass inspired by an object. For this exhibition the judges will be looking for new and original pieces and not just copies of the chosen object. Selected artworks will be displayed alongside a representation of the tangible object that inspired the piece.

The application form can be downloaded from

Website: <http://www.cgs.org.uk/news/call-artists-inspired-london-glass-blowing-may-2019>

We are looking for images to use for early publicity so if you have work ready now do send in your application, if the gallery like your work you might be one of the lucky ones that get in early.

Entry Deadline 04/04/19: Stevens Competition 2019 & "Reflections Of The Lord Mayor" Design Competition:

"The Stevens Competition for Architectural Glass Artist of the Year 2019, recently launched by the Worshipful Company of Glaziers and Painters of Glass, features a back lit panel 1.5 metre x 1.0 metre to be installed in the waiting area of the Proton Beam Therapy Unit (PBT) at University College Hospital, London. P.B.T. is a type of radiotherapy which uses a high-energy beam of particles to destroy cancer cells. The treatment is particularly suitable for complex childhood cancers and for dealing with brain cancer, head and neck cancer and sarcomas. The Unit is currently under construction and is due to be commissioned in 2020. It is anticipated around 1,500 patients will be treated every year.

University College Hospital believe that the provision of the Arts within a hospital environment is integral to patient wellbeing and a high quality, modern, patient-centred N.H.S. The aim is to provide a welcoming and uplifting environment for patients and visitors alike and the panel will play a key part in meeting this objective.

Entry to the competition is restricted to those who have started their vocation in glass practice within the last eight years. Full details of the competition are contained in a Brief which can be reached through the Glaziers' Website: www.glazierscompany.org.uk . Entries must be submitted to Glaziers' Hall, London SE1 9DD, by no later than Thursday 4th. April 2019. Prize giving is scheduled for Thursday 23rd. Clarification: Alan J. Poole's 'Email Forwarding Service':

For those of you who are still a little unclear as to my 'Email Forwarding Service'. Unlike the monthly newsletters which are text only and completely free, anyone wishing to use the forwarding service, there is a £5 in advance set fee, most easily payable by BACS (within the UK). If you would like to use this service, all you need do is email me what you would like to circulate, if all seems okay and appropriate, then pay the fee and I'll endeavour to deal with it as soon as I can.

NB: Due to ongoing problems and group email restriction issues with my server, it will now take me much long to forward on messages and therefore I have had to increase this fee to £10.00.

Please note: I do not edit, amend or doctor these emails in anyway. Whatever you send, will be forwarded on to my extensive database of either, artists/students, glass groups/guilds/societies, colleges/universities, collectors and museum curators e-addresses, (hundreds if not several thousand) according to the content of your message. Basically, this is a service for people wishing to sell items (glass, equipment, private classes, etc.) and or, needing to include images in a message. (Needless to say, I reserve the right to refuse any email that I consider to be inappropriate, without any reason needing to be given). Best wishes, AJP. Email: alanjpoole@aol.com
